

Frost's Fantastic Fourth!

March

Winterim: Thanks to everyone who volunteered to teach a class or be a helper for this special day! Fun was had by all!

End of 3rd Quarter Approaching: There are just a few short weeks left in the quarter. There is still time to improve any grades that were less than ideal on midterms. Be sure to check the missing work board in the back of the classroom to make sure all missing and absent work gets turned in. Please encourage your child to work hard to finish the quarter strong!

Math Practice: The kids have been discovering how important math facts are in their practice with long division and equivalent fractions! Please keep practicing multiplication (and division) facts for quick recall. Having them memorized will be so helpful in middle school!

Achievement Testing: Grades 3-8 will begin the Forward Exam after spring break and throughout April. The tests will be computer based and typically given **in the mornings** in our classroom. We will be preparing for this test throughout the month of March. More information on this topic will be coming soon!

Feeling generous?! Some of our classroom supplies are starting to dwindle. We would be extremely grateful for donations of tissues, paper towel, and plastic spoons! Thank you!

Important Dates:

March 2: Read Across America theme day
March 16-20: No School ~ Spring Break
March 26: Last Day of 3rd Quarter
March 27: No School (Records Day)
April 1: Report cards go home
